ABOUT

I am passionate about creating dynamic, static and user-friendly web applications.

Through my internship, I have gained hands-on experience in web development principles and a deep understanding of front-end development frameworks and tools.

I possess strong problem-solving skills and am able to work independently as well as collaborate effectively with cross-functional teams.

I am committed to staying up-to-date with the latest industry trends and technologies to deliver high-quality solutions that meet and exceed client expectations. Overall, I am eager to leverage my skills and experience to contribute to the success of a dynamic and innovative team.

WORK EXPERIENCE

Devinova Group AB

11 / 2022 - 02 / 2023
03 / 2023 - 06 / 2023

Software Development Intern

- Collaborated with a cross-functional team of developers, designers, and product managers to deliver high-quality frontend solutions using Agile methodologies.
- Gained experience in Git workflows, ensuring seamless collaboration and version control among team members.
- Developed various web applications using React, TypeScript, JavaScript, HTML, CSS, Gatsby, and Next.js.
- Implemented and customized CMS platforms such as Strapi and WordPress to meet project requirements.
- Wrote complex GraphQL queries and mutations for efficient data fetching and manipulation.
- Developed and maintained a library of reusable React components based on an in-house design system to streamline frontend development and ensure a consistent user experience.

EDUCATION

NBI / Handelsakademin

Göteborg
08 / 2021 - 06 / 2023

Front-end Developer

- Studied front-end web development concepts, including HTML, CSS, and JavaScript, as well as more advanced topics such as TypeScript, and React.
- Developed skills in user interface (UI) and user experience (UX) design to create effective and engaging web interfaces.
- Learned how to use front-end framework, such as React, to build complex web applications and manage state with Redux.
- Gained experience in using MongoDB and Firebase as backend databases to store and retrieve data for web applications.

Scouterna Folkhögskolan

Stocholm
11 / 2017 - 11 / 2019

High School Diploma

Niketo AB

Stocholm
11 / 2014 - 11 / 2015

IT Technician

- Studied IT concepts, including computer systems, software, networks, and security protocols.
- Focused on web development, including HTML, CSS, JavaScript, and web design principles.

VOLUNTEERING

Associations “MLADI”

Kragujevac / Serbia
03 / 2015

Volunteer

- One of the founders of the MLADI Association in 2015.
- Worked in various fields such as marketing, social networks, website maintenance, and design of materials to promote the association's mission and events.
- Led over 30 projects related to youth activism, informal education, renovation of abandoned playgrounds, conferences, workshops, tournaments, charity projects, and more.
- Collaborated with team members to develop and execute project plans, including setting goals, timelines, and budgets.
- Managed communication with stakeholders, including sponsors, partners, and participants, to ensure successful project outcomes.
